...for that Rainy Day!

The wise man doesn't wait till the rain falls before he gets himself an umbrella. The same sound sense applies to insurance. The insurance you want to place on your property - but don't - won't do you a bit of good. The only insurance that will count is what you did place. Let your insurance program be your umbrella... and you can take life's "rainy days" in your stride.

What Flights That Daily Habit

By W. G. Hadden

It is a fact that flying is one of the most profitable ways to make money. It is a hobby that can be turned into a business. It is a way to make money that is clean and honest. It is a way to make money that is fun and exciting. It is a way to make money that is profitable and rewarding.

...for that Rainy Day!

The wise man doesn't wait till the rain falls before he puts himself on umbrellas. The same sound sense applies to insurance. The insurance you need to place on your property - but didn't - won't do you a bit of good. The only insurance that will count is what you did place. Let your insurance program be your umbrella... and you can take Mr.'s rainy days in your stride.

- Magazines and Pocket Editions not accepted.

WARNING

Cold weather and high consumption of gas makes clean flues important.
Due to lint collecting in chimney flues it is essential to clean out all pipes to insure a free exit of mounds of gas from gas appliances.

Cleanouts in chimneys should be checked for accumulation of debris.

Defence Spending Not Expected To Drop

There will be no drop in defence spending this year, according to a report by the House of Commons. The report states that the government will continue to spend \$1.5 billion on defence in 1954, which is the same amount as in 1953. The report also states that the government will continue to spend \$1.5 billion on defence in 1955, which is the same amount as in 1954.

Woods and Weather

Stellar's advice is to be ready for a cold snap in the next few days. The weather is expected to be in the 30s and 40s, but a cold front is moving in from the west. A heavy snowfall is possible in the next few days. The weather is expected to be in the 30s and 40s, but a cold front is moving in from the west. A heavy snowfall is possible in the next few days.

Helps People Over Forty

If you are over forty and you don't feel 100%, the fifty-year-old formula of a Detroit physician may help to bring back a feeling of well-being.

Now marketed under the name **Mister Laxative Tonic**, this old-fashioned remedy will help to rid the body of accumulations of waste, will aid digestion and will assist assimilation.

It also helps to stimulate the intestinal tract.

Mister Laxative Tonic costs \$1.50 for a month's supply.

Four Town Planning

The Planning Board of the Town of Stettler, which was organized last week, held its first meeting last night. The board is composed of four members, including the mayor, and will be responsible for the planning and development of the town. The first order of business was the reading of the minutes of the previous meeting. The board then discussed the proposed zoning by-law and the proposed subdivision of lots in the town. The board will meet again next week to continue its work.

Room Visitation Draws Parents To Home, School

The room visitation program, which is being conducted by the Stettler Board of Education, has been a great success. The program has drawn many parents to the home and school. The parents have been able to see the progress of their children and to discuss any problems with the teachers. The program is being continued and will be a valuable asset to the school.

Compulsory Livestock Marketing Boards

A recent letter to each of the compulsory livestock marketing boards in the province has been received from the Department of Agriculture. The letter states that the boards are now compulsory and that all livestock must be marketed through the boards. This is a new regulation and will affect all farmers in the province. The boards are responsible for the marketing of livestock and for the collection of taxes on the same.

Wheat Pool Handlings Down From Last Year

Wheat pool handlings for the year ending March 31, 1953, are down from last year's total of 1,000,000 bushels to 850,000 bushels, according to the Canadian Wheat Board. The decline is due to a combination of factors, including a smaller crop and a lower level of government stockpiling. The board expects the 1954 crop to be similar to the 1953 crop.

This winter... enjoy sunshine days!

Big Valley Engineer Made His Last Run in June

Big Valley, Alberta, December 15, 1964. The Big Valley Engineer, a weekly newspaper, has been published for over 50 years. The last issue was published on June 12, 1964. The paper was founded by John H. Stettler, who was its publisher and editor for many years. The paper was known for its coverage of local news and events in the Big Valley area. The last issue was a special double issue, and it was a fitting end to a long and successful career in journalism.

Big Valley Has Gun Control Club

Big Valley, Alberta, December 15, 1964. The Big Valley Gun Control Club has been formed. The club was organized by a group of local residents who are concerned about gun safety in the community. The club's first meeting was held on December 10, 1964, and it was attended by a large number of people. The club's purpose is to promote responsible gun ownership and to work towards reducing gun violence in the Big Valley area.

Big Valley's New Main Street

Big Valley, Alberta, December 15, 1964. The new main street in Big Valley has been completed. The street was a long time in the making, but it is now open to traffic. The new street is a two-lane road with a wide shoulder and a paved surface. It runs from the town center to the highway, and it will greatly improve traffic flow in the area. The new street is a major improvement for the Big Valley community.

Increase Of Muskies In South Widens Trapping Possibilities

It is estimated that the musky population in the Ottawa River has increased to such an extent that the possibility of trapping them has been widened. The musky is a voracious fish, and its increase in the Ottawa River has been a source of concern to the fishing community. The musky is a large fish, and its increase in the Ottawa River has been a source of concern to the fishing community. The Conversion Of Ebenezer Scrooge

Charles Dickens' "Christmas Carol" is well known to most readers and the most famous character in history. Ebenezer Scrooge is a miser who is transformed into a generous man by the spirit of Christmas.

THE FIRST CHRISTMAS

AND IT WAS CALLED TO PASS TO THEM, THAT THERE WAS A NEW DEEDER FROM CANADA, THAT ALL THE WORLD SHOULD BE.

The first Christmas was a time of great joy and love. It was a time when the world was united in a common purpose.

TALKS ON HOCKEY

After the first of a series of talks on hockey, the second talk was given by Mr. J. H. Blair, president of the Stettler Hockey Association, at the Stettler Hotel. The talk was given to a large audience of hockey fans who were interested in the progress of the game.

Mr. Blair pointed out that hockey is a game of skill and speed, and that it is a game that is played by men of all ages. He said that the game is played in a way that is both exciting and interesting, and that it is a game that is played in a way that is both exciting and interesting.

Mr. Blair also pointed out that the game is played in a way that is both exciting and interesting, and that it is a game that is played in a way that is both exciting and interesting.

USED MACHINES

Your Massey-Harris dealer is the one who can supply you with "Reliable Rebuilt" used machines.

"Reliable Rebuilt" is a trade-mark of Massey-Harris-Ferguson Ltd. and it denotes the same high standard in used machines that you are accustomed to when you buy Massey-Harris new machines.

It is your guarantee that the used machine will be in as good shape as it should be and your dealer and Massey-Harris are both behind these machines.

So when you buy a used machine get a "Reliable Rebuilt" from your Massey-Harris dealer.

LINCOLN WELDERS

More and more a welder is becoming a necessity on a farm. Often it is impractical to take a machine apart to be fixed when you could do the same job right on your own farm.

And they are available for both D.C. and A.C. power.

Lincoln welders are well known wherever welding is done. See a Lincoln welder and you'll be sure it's the one for you.

We will gladly demonstrate them to you anytime.

Is Cigarette Smoking The Only Sign of Cancer?

Many people believe that cigarette smoking is the only sign of cancer. However, there are many other signs and symptoms that can indicate the presence of cancer. It is important to consult a doctor if you notice any of the following signs:

- Unexplained weight loss
- Changes in bowel or bladder habits
- Persistent cough or hoarseness
- Changes in voice or breath
- Unexplained pain or discomfort
- Changes in skin color or texture
- Changes in hair or nails
- Changes in appetite
- Changes in energy levels
- Changes in mood or behavior

Needing Mortgages Up 18 Per Cent Over 1952

The Canadian Mortgage Association reports that the need for mortgages has increased by 18 per cent over 1952. This is due to a variety of factors, including a rise in the price of houses and a decline in the number of new houses being built.

Introducing... Housewife Mattie and Builder Bill

We are pleased to be in Stettler. And invite everyone in STETTLEBURY and DISTRICT to visit our store and get acquainted.

We have recently purchased Crown Hardware store. Other stores are located at Olds - Red Deer - Wainwright - Camrose and Comstock. We also have a Calgary Warehouse and purchasing department.

For prompt service we have already installed Teletype and are connected with all our stores. What we haven't got we will soon get for you - JUST TRY US!!

Mrs. Margaret Wilkovich of Crown Hardware are continuing on with Builders Hardware. Newcomers to Stettler are "Chuck" Newton and Garry Kasar, both from Camrose.

We have retained the McCleary line of appliances and all lines as carried by Crown Hardware and hope to bring in new lines as carried in our other stores.

We will have a daily delivery service and invite phone orders.

We hope to renovate and are now clearing out what merchandise. Watch our windows for past inventory bargains.

On The Movies

THE UNTOUCHABLES

There are few of the larger-budgeted independent feature films in circulation at the moment. But one of the most promising is 'The Untouchables', a film about the famous Prohibition-era gangster Al Capone. It's a story of a man who rises from a poor boy to a powerful criminal, and then falls from power. It's a story of a man who is a criminal, but who is also a hero. It's a story of a man who is a criminal, but who is also a hero.

How Can I Know Good Seed ???

Every store says they sell good seed. But how can I really tell?

1. Watch For Color
On the seed in the package, look for the color of the seed. If the seed is green, it is good. If it is yellow, it is old.

2. Look For Moisture
If the seed is moist, it is good. If it is dry, it is old.

3. Note Plumpness
If the seed is plump, it is good. If it is shriveled, it is old.

Some Are Blaming Ottawa For Civil Defence Failure

By Donald F. Swartz
Editorial — The Alberta government continued itself with the cause of civil defence as soon as the federal government seemed to begin training civilians in the place of home guard members shortly after the last war.

In some other provincial and

The news which should have been leading the nation if the plan is to gain wide favor. Ontario and Quebec have remained aloof although Ontario's Premier Frost now has indicated that his province will begin active participation.

One Alberta newspaper has even suggested the lack of an

administer the department responsible for civil defense. The administration has requested the official headed on the same day for the organization to give up his or her position to serve blood or fire.

While it is everyone's responsibility to participate, he said, the greatest duty falls on the shoulders of officers and noncommissioned leaders.

What's in It for Me?

Undoubtedly, there must be something in there, there would not be the anxiety to civil defense, which is supposed to mean peace, but many people are not sure if defense authorities are concerned.

One problem which is frequently cited, is a lack of education from federal civil defense headquarters, a lack which is feared both by the government and the population. The government is aware of the problem. The government is aware of the problem. The government is aware of the problem.

use the full Federal credit limit available for these credit devices by the Federal Government.

Under the option, the Federal Government grants 35 percent of the cost of an approved device to any project submitted by a municipality. If the municipality cannot make its contribution, the Federal Government will pay the balance.

The Federal Government will pay the approved credit up to the second 35 percent full cost. The third 35 percent full cost would mean 35 percent of the cost of the device plus the amount on the principal and interest.

In Allentown during the current fiscal year the full \$100,000 Federal quota is being used and an additional \$100,000 was sought last year received.

CONNECTION

In his report on the use of the Independent Leasing Warrant system, as *EDITORIAL COMMENT* was heard on the 10th day of the month, Van Cleave told the Board of Finance that he had been told by the Federal Government that it was to be used in the future. He said that he had been told that it was to be used in the future.

Powerful Service for B. J. Stulen
Funeral services were held on Saturday afternoon at 3 p.m. in the Bethany Lutheran Church in the B. J. Stulen home, 1001 S. 10th Avenue, in St. Paul. The pastor, Dr. J. H. Peterson, officiated. Mr. Stulen died at his home on Saturday morning of 1962. He passed away recently at the Bethany Home in Cottage at the age of 80 years. He and his wife Helen had celebrated their Diamond Wedding Anniversary at the Home last May. He was laid to rest in the Bethany Cemetery. His family sympathies to his relatives and friends surviving in the wife in the district.

The Byrman Home and School Association's regular monthly meeting in February was spread by the showing of a movie at the first meeting for this purpose. All parents and others interested are urged to attend the next meeting of the film "Motoring Through The Maritimes."

After the business session, representatives of various local organizations conducted a "Liquor and Answer period" following his remarks on "How the County System Will Affect Our Schools," Mr. Luther County representative, further explained the reasons why liquor control would

Mr. Craghton suggested a re-organization of the Red Cross in the district and offered to bring Mr. Doyle to the March 3, 1938 to erect a local school board.

The House and School voted a vote of thanks to Holmes Cooper and Howard Fredelin for their splendid show in aid of the skating rink.

After lunch, which was served by Mrs. O. B. Loomis and Mrs. W. L. Knowles, the film "Four Children and You," concluded the meeting.

With a Free Work-Test on your own Farm

Before you buy any farm implement, see what an Oliver can do for you. You can try any piece of Oliver equipment we have on hand. Just work it on your own farm, under your conditions. Prove to yourself that an Oliver is your most practical choice. Take an Oliver "test" on your own farm, for example. See how easy it is to mow, how efficient it is, how comfortable and convenient it is to use. Look at the power of the engine for the best most economical use, on the largest jobs, where you are sure to get the most out of your money. Oliver offers the famous Oliver Drive Power Take-Off that eliminates shifting in and out of gear while operating PTO-driven machines.

Fish Catch In Alberta Valued At \$1,200,000

Alberta's commercial fishing industry is valued at \$1,200,000, according to a report by the Alberta Department of Fisheries and Wildlife. The report states that the industry is one of the most important in the province, and that it has been growing steadily over the past few years. The report also notes that the industry is facing a number of challenges, including a decline in fish stocks and a shortage of labor.

Harnessing Tidal Power

(Stettin) The Stettin Channel authority has begun studies for harnessing the power of the tides in the Stettin Channel. The project of utilizing the tidal power of the Stettin Channel has been discussed for many years. The first step in the project is to build a dam across the channel. The dam will be 100 feet high and 1,000 feet long. The dam will be built on the site of the old Stettin Channel. The dam will be built on the site of the old Stettin Channel. Dental 'Cripples' From Neglect

At a time when the cost of dental treatment is so high, it is a pity that so many people are so neglectful of their teeth. The dental profession is doing its best to help them, but it is up to them to take advantage of the help.

Save Good Seed Potatoes For Best Results

The best seed potatoes are those that are grown in the best soil, with the best care, and the best weather. They are the ones that are the most productive, and the ones that are the most resistant to disease. They are the ones that are the most valuable, and the ones that are the most difficult to come by.

Money in the bank

Millions of Canadians have the value of a bank account - the security and comfort it brings, the peace of mind it offers, the savings it makes possible.

When you keep your money in a chartered bank you know it is safe. And you are dealing with security, experienced people, skilled in the management of money and resources to meet their knowledge with you.

There is a type of account to suit your purpose, money designed to help you accumulate funds, others featuring the convenience of chequing.

Your local branch bank provides these and many other services. It is much more than a handy place to keep money. It is a banking service centre where you can count on prompt and courteous attention to all your banking needs.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Only a chartered bank offers a full range of banking services to all.

Keep your money safe and secure. Invest your money wisely. Borrow money when you need it. All these services are available to you at your local chartered bank.

Chartered banks are the only banks in Canada that are insured by the Government of Canada. This means that your money is safe and secure.

Problem House

Have you a problem house? A problem house is a house that is in a bad state of repair, or a house that is in a bad location, or a house that is in a bad condition. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors.

It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors.

It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors.

It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors.

It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors. It is a house that is a problem for its owner, and it is a house that is a problem for its neighbors.

Wheat Average Drop Expected

Wheat prices are expected to drop sharply in the near future, according to a report from the United States Department of Agriculture. The report states that the wheat crop in the United States is expected to be a record-breaking one, and that this will lead to a surplus of wheat on the market. As a result, prices are expected to fall significantly.

When Are We Going To Wake Up

People, awake! It's about time we began to wake up and see the world as it is. The present generation is living in a state of spiritual blindness. We are not seeing the world as it is, but as we wish it to be. We are not seeing the world as it is, but as we wish it to be. We are not seeing the world as it is, but as we wish it to be.

Put two and two Together

Your answer depends upon what you're adding. Two apples plus two apples always equals four apples. But two dollars plus two dollars in a comprehensive Fire Insurance Program will equal much more than four dollars in case of fire. Review your fire insurance coverage today - it may mean many dollars saved to you.

What is a Badger-Friend Or Fox?

There is a great deal of talk about the badger and the fox. The badger is a very common animal in the area and is often seen in the fields. Stop Cropping Shaping Fields

It is necessary to take the shape of the fields in the western Canada to be more uniform. The present shape of the fields is the result of the action of the wind and the action of the water. The wind has blown the fields into long narrow strips and the water has run down the center of the fields and has shaped them into long narrow strips. The result is that the fields are not uniform in shape and this is a disadvantage. It is necessary to stop cropping and to shape the fields into long narrow strips. This will be done by the action of the wind and the action of the water. Summer Care Of Laying Hens

While it is true that the laying hen is a most important part of the farm, it is often neglected. The laying hen is a most important part of the farm, as it provides the family with fresh eggs. It is important to take care of the laying hen during the summer months. This can be done by providing the hen with a clean, dry, and comfortable environment. It is also important to provide the hen with a balanced diet. This will help the hen to lay large, healthy eggs. It is also important to check the hen for signs of illness. If the hen is sick, it should be treated immediately. This will help the hen to recover and lay eggs again.

Birth of Free Press

When the first issue of the Star-Free Press was published, it was a small, hand-printed sheet of paper, with a circulation of only a few hundred copies. It was the work of a group of young men, who had gathered around a common ideal, and who were determined to give the people of this city a free and independent press.

CONQUERS LAST ICE, TOWN LAST OUTWARD RUSH

The town of Stettler, Alberta, has been the scene of a remarkable feat of engineering and construction. The new Stettler Hotel, a landmark building, has been completed and is now open for business. The hotel, which is one of the largest and most modern in the province, has been built on a site that was once a swampy area. The construction of the hotel has been a major project for the town, and it has been a source of pride for the citizens. The hotel is a fine example of modern architecture and is a credit to the town and its people.

The Weather and The Farmer

It is a fact that the weather is one of the most important factors in the life of the farmer. The weather can make or break a crop, and it can determine the success or failure of a season. The farmer must be able to anticipate the weather and plan accordingly. This is why the farmer is so interested in the weather and why he spends so much time watching the sky.

The weather is a complex phenomenon that is influenced by many factors. The sun, the moon, the stars, and the atmosphere all play a role in determining the weather. The farmer must understand these factors and how they interact with each other in order to be able to predict the weather.

There are many different types of weather, and each type has its own characteristics. Some weather is hot and sunny, while other is cold and rainy. The farmer must be able to recognize these different types of weather and know what to do in each case.

The weather is a constant challenge for the farmer. He must be able to adapt to the weather and make the most of whatever conditions he is faced with. This is why the farmer is so resilient and why he is able to survive in such a difficult environment.

6-Month Oil Output 50,000,000 Barrels

The oil industry in Canada has produced an estimated 50,000,000 barrels of oil in the last six months. This is a record for the industry.

Quality Determination

A report released by the government today states that the quality of Canadian oil is of the highest standard. This is a significant achievement for the industry.

Terrible Outlook

The outlook for the future of the Canadian economy is very bleak. This is due to a number of factors, including a decline in exports and a rise in unemployment.

Employment Has Slipped

Employment has slipped in the last few months. This is a concern for the government, as it indicates a slowdown in the economy.

Public Services Are To Be Cut

Public services are to be cut in order to save money. This is a controversial move that has caused much debate.

The Federal Government Has

The federal government has announced a new policy. This policy is aimed at improving the economy and creating jobs.

The Early History Of Wheat

The early history of wheat in the Stettler district is a story of struggle and triumph. It begins with the first settlers who found the land fertile and well-suited for the growing of this staple crop. The early pioneers, many of whom were of Scottish descent, brought with them the knowledge and experience of wheat cultivation from their homelands. They found that the climate and soil of the Stettler district were ideal for the growing of wheat, and they began to plant it in large quantities. The wheat they grew was of a hard variety, which was well-suited for the climate and soil of the district. It was a hardy crop that could withstand the harsh winters and the hot summers of the district. The early settlers found that wheat was a profitable crop to grow, and they began to export it to other parts of the country. The wheat they grew was of a high quality, and it was well-received by the people of other parts of the country. The early settlers of the Stettler district were the first to plant wheat in this area, and they were the first to export it to other parts of the country. Their efforts laid the foundation for the wheat industry of the district, which has since become one of the most important industries of the area.

United States Joins Canada In Social Credit Movement

The United States has joined the Social Credit movement, which is a political and economic philosophy that advocates for a more equitable distribution of wealth and resources. The movement was founded in Canada by Dr. C.D. Jackson, and it has since spread to other parts of the world, including the United States. The Social Credit movement is based on the idea that the government should control the money supply and the distribution of resources in order to ensure that everyone has access to the necessities of life. This movement is seen as a response to the economic inequalities and social problems of the early 20th century.

First Rural Schools In Stettler Area

The first rural schools in the Stettler area were established in the early 20th century, as the population of the district grew and the need for education became more pressing. These schools were small and simple, but they provided a basic education for the children of the district. The schools were run by local teachers, and they were funded by the local government. The establishment of these schools was a significant step in the development of the district, as it provided the children of the district with the opportunity to receive a formal education.

Signs of a Changing Age

The signs of a changing age are everywhere in the Stettler district. The old buildings and streets are being replaced by new ones, and the old ways of life are being replaced by new ones. The district is becoming more modern and more developed, and it is attracting more people to live and work there. The signs of a changing age are a testament to the hard work and dedication of the people of the district, who have built it up from a small settlement to a thriving community.

Signs of a Changing Age

The signs of a changing age are everywhere in the Stettner district. The old buildings and streets are being replaced by new ones, and the old ways of life are being replaced by new ones. The district is becoming more modern and more developed, and it is attracting more people to live and work there. The signs of a changing age are a testament to the hard work and dedication of the people of the district, who have built it up from a small settlement to a thriving community.

Best Wishes To Stettner On Her 50th Anniversary

Best wishes to the Town of Stettner on her 50th anniversary. The town has come a long way since it was first founded, and it has achieved many accomplishments. The people of the town are proud of their town and its history, and they wish to see it continue to grow and prosper for many years to come.

'1905 Stettler's 50th Anniversary 1955

It Is Fitting to Pay Tribute to the Pioneers Who Laid The Foundation For The Best Town In Alberta

During the Anniversary Celebration we will be given an opportunity to meet a great many of the early pioneers of the district. Some of them will be absent, owing to the distance that separates them from their homes. Others will not be with us as they have passed to the Great Beyond. Let us not forget them entirely on this

occasion, remembering the noble work and sacrifices they made for the good of the town and district while living in this community.

We extend a very hearty welcome to the Oldtimers visiting Stettler at this time, and can assure you one and all that it is our wish to make your visit with us as pleasant as possible.

Massey Harris 1905 - 1910

The Massey-Harris building from 1905-1910 was Mr. W. G. Sigler's, shown in the above story standing beside his sign in the lower right hand corner.

This corner the south side of Alberta Avenue, to the south west of Main Street. The building on this site and in the place of business of W. G. Sigler and used where the W. G. Sigler building now is. Mr. Sigler carried on his Massey-Harris business here from 1905 to the fall of 1910 when it was burned by the fire of that time.

This building of Mr. Griffiths was across the street from Mr. Sigler's and where the Jewel Theatre now is. It was also burned in the fire of 1910. A fine pair of oaks and a Massey-Harris binder - but - we're glad harvesting in 1955 will be done with combines!

Congratulations to the town of Stettler on its 50th Anniversary

Stettler has long been one of the "best" towns in Alberta. It is situated in the "Heart of Alberta" in one of the best mixed farming areas in Alberta. The recent oil development here and hopes of small industry for the future make the years ahead look rosy. With the alert Town Council we now have and hard work by the Board of Trade and the Citizens Committee, Stettler will continue to show progress.

Massey - Harris - Ferguson 1955

To the right is our place of business on the west side of Main Street half a block south of Highway No. 12 which is now paved and will soon be widened. Not many years ago this land was just a bog but is now solidly built up with new buildings. It is in this section of town that the machinery business is congregating.

We have been Massey - Harris Dealers in Stettler since November 1952, only a short time in Stettler's history. However, we have many plans for the years ahead and hope to play some small part in Stettler's progress over the next 50 years.

Early Days In Botha

From Independent File of 1907
The early days of Botha's settlement in the Blumenuau District were a time of hard work and struggle. The Botha family, consisting of Benjamin, George, William, Stephen, Tim, John, Paul, D. Ball, Walter, Fred, O. Ball and in front William Benjamin, arrived in the area in 1907. They found the land to be very dry and the soil to be very poor. However, they were determined to make a home for themselves. They began by clearing the land and building a small house. They also began to plant crops and raise livestock. The Botha family was one of the first to settle in the area, and their efforts helped to establish the Blumenuau District as a viable settlement.

Our Little Grey Home

This was the Ernie Snyder residence in 1907 when he brought his bride and started Blumenuau.

Early Days In The Blumenuau District

I had not got a good house in the Blumenuau District until I had built this little grey home. It was a small, single-story house with a gabled roof. I had built it on a piece of land that I had bought from the government. The land was very dry and the soil was very poor, but I was determined to make a home for myself and my family. I began by clearing the land and building a small house. I also began to plant crops and raise livestock. The little grey home was a symbol of my success in the Blumenuau District.

Stettler's First Celebration

When the first celebration of the settlement of the Blumenuau District was held, it was a time of great joy and celebration. The celebration was held on a large, open field, and it was attended by many people. There were many games and sports, and there was a large crowd of people. The celebration was a great success, and it was a time of great pride for the settlers of the Blumenuau District.

Shot At Stettler's Back Door - 1908

In 1908, a man named Stettler was shot at in his back door. The man was a settler in the Blumenuau District, and he was a very successful man. He had built a large, comfortable home, and he was a very respected man in the community. However, one day in 1908, he was shot at in his back door. The man who shot him was a man named Stettler, and he was a very angry man.

The Passing of The Bronze

The passing of the bronze was a time of great sadness and loss. The bronze was a very important part of the Blumenuau District, and it was a symbol of the community's history. However, one day in 1908, the bronze was passed on. The man who passed it was a man named Stettler, and he was a very sad man. He had been passed on, and he was very sad about it. 1905 Oldtimers Discussed Buffalo Hunts And Indians

Four years ago, there was a gathering of oldtimers in the town of Stettler, Alberta, to discuss the history of the region. The gathering was held in a large hall, and many of the oldtimers were present, including some of the most prominent figures in the community. They discussed the history of the region, including the buffalo hunts and the role of the Indians. The gathering was a great success, and it was a pleasure to hear the oldtimers' stories.

The Early Growth Of Our Community

The early growth of our community was a result of the hard work and dedication of the pioneers who settled in the region. They built the first homes, schools, and churches, and they laid the foundation for the community that we have today. The early growth was a great achievement, and it was a testament to the spirit of the pioneers.

Plenty of Changes Seen In Alberta In Last Fifty Years

Plenty of changes have been seen in Alberta in the last fifty years. The province has grown from a small, remote area to a large, developed region. There have been many changes in the economy, the population, and the infrastructure. The province has become a major center of industry and commerce, and it has a high standard of living. The changes have been a result of the hard work and dedication of the people of Alberta.

Booming Alberta

Booming Alberta is a province that is full of life and energy. The economy is strong, and the population is growing. There are many opportunities for business and industry, and the standard of living is high. The province is a great place to live, and it is a testament to the hard work and dedication of the people of Alberta.

The Old National

A black and white photograph of a multi-story building, identified as the Bomber Hotel. The building has a dark, possibly stone or brick facade. On the upper floors, there are several windows, some of which appear to have decorative elements or flower boxes. A sign is visible on the roofline, though the text is not clearly legible. The building is set against a light sky. The overall image has a grainy, historical quality.

STETTLER

... Alberta's Most Progressive Town
Salutes Its Pioneers

The Town of Stettler Thanks the Pioneers for their faith in the future... which gave us STETTLER. For theirs was the courage and the will which pioneered it.

Many of the Pioneers have passed on... many are still with us and to them and all citizens who have a pioneer spirit and are helping Stettler progress, the Mayor and Council would like to say —

Indians Were Once Only Inhabitants of Empty Plains

For years the Indians were the only inhabitants of the Alberta plains. There has been no permanent settlement in the west until the late 19th century. The first white man to settle in the west was James W. Wemyss, who arrived in 1802. He was followed by a number of other men, but it was not until the 1840s that a large number of white men began to settle in the west. The first white man to settle in the west was James W. A Typical Scene Around Stettler

A common sight in the Stettler District is an oil rig standing in a field of grain. The oil industry has brought much progress to Stettler, but agriculture remains the main industry.

MAKING IMPROVEMENTS ON GOOD

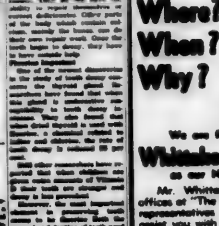

How Much Candy and Sugar Can Children's Teeth Stand?

Children's teeth are the most important part of their bodies. They are the key to a healthy mouth and a good diet. But how much candy and sugar can their teeth stand? The answer is: not too much. Too much candy and sugar can lead to tooth decay and other dental problems.

Birthday greetings to an old friend
Important Oil is especially happy to note Alberta as the Golden Jubilee because of her long and close association with its people. Within five years of the founding of Imperial in 1930, the Company was bringing kerosene and gas to the people of the province, and as we were established in the province, so we were established in the province. Imperial has always been a pioneer in providing oil products.

Legion and Poppy Day

Chairman says Poppy Day is a time to remember the fallen soldiers of the First World War. The Poppy Day Committee is planning a parade and a picnic on the 11th of November. The parade will start at 10:00 a.m. and will go to the cemetery. The picnic will be at the Legion. The committee is asking for donations of poppies and other items. The Legion is open from 10:00 a.m. to 10:00 p.m. on Poppy Day.

Farmers

Did you know that Grain Insurance costs as low as 80 cents per \$1000 of insurance per month? Why chance losing your stored grain when a small premium will completely cover you against your greatest hazard - FIRE.

The 1961-62 season of the Chicago Bears was a record-breaking one for the franchise. The team finished the season with a record of 10-4-2, winning the NFL championship. The team's success was largely due to the leadership of head coach George Halas, who had been with the team since its inception in 1920. Halas's coaching style was characterized by a strong emphasis on defense, and the Bears' defense was one of the best in the league. The team's offense was also strong, led by quarterback Paul Brown and running back Gale Sayers. The Bears' success in 1961-62 was a testament to the team's hard work and dedication, and it remains one of the most successful seasons in the franchise's history.

Helpful Hints
When you are planning a party, it is important to consider the needs of your guests. If you are having a large party, it is best to have a buffet table. This will allow your guests to serve themselves and you will not have to stand all night long. If you are having a small party, it is best to have a sit-down meal. This will allow you to spend more time with your guests.

The Bird in A Gilded Cage

Following by all surface indications, Princess Margaret, has decided to marry Captain Peter Townsend and thus a candidate step towards the emancipation of women in high places, as generally perceived. Of course her father the Queen has the highest position in the Empire to fill and she has to follow the tradition and the custom of the monarchy. But Princess Margaret is no far removed from the common man who has decided to live her life without regard to her environment.

Advances To Farmers

The Prairie has closed ranks in a united drive to get the federal government to aid in providing credit for western grain farmers.
